Confirming an Invoice Script

Hi, are yall working with locators?

Great, and what the commission structure?

Is that on send or escort? (Do we need to physically need to be with them or just send them)

Great, the reason I ask is I had a client that applied and I was just wanting to make sure they marked us as there referral. Is that something you can help me with?

Its for our client_____ in Unit # _____.

Ok, great and I have her moving in on _____. Is that correct?

Monthly Rent at $_____?

On a _____ month lease?

Great, and what's the best email to get all this sent over?

Thank you very much!
